Choose your base, antique highlight and optional border color.

We do integral (color mixed in concrete) & cast-on (color hardner) colors.

- * Integral base colors
 - ** Antique highlight color to go on top of base color
- Cast on colors available upon request only

We use the highest quality sealer in a satin finish.

We also offer pressure washing and re-sealing for stamped concrete.

OTHER SERVICES OFFERED

The staff at American Design & Contracting have been designing and installing patios, retaining walls, walkways and more since 1985.

It is not just a job..... it is a passion. And our commitment to quality and dedication to our customers shows throughout the property transformation. Each project requires an artistic touch and the latest in installation tools and technology.

We will help you choose the best color, style and pattern to complement your home and transform your outdoor living space. All while taking into account the treatment your property needs, including landscaping, drainage, and grading.

We pride our self on quality craftsmanship. From design to finished product, we are driven by customer satisfaction.
